

## New Release 01/06/2023 - COLI2 4.1

### Improvements

- **Changes to user experience:**

**ESCX:** Financial Validation – New Template Unique is uploaded disregarding the pre-linked one.

### Defects fixed

- **For Contracts:**

- **SCX:**

- This validation rule *'Contract amount should be less than or equal to the sum of the amounts in the position of the budgetary commitments'* is now well implemented.

- **Individual Framework:**

- Now the VC process can be found in the 'Task Basket' after a connectivity issue between the 'lot request launcher' and RDIS2.
- In the 'preparation' step a new validation rule has been added to check if a DG is selected for the *Ceiling*, the amount is correctly set on the DG line.

- **New Contracts and CAs:**

- The ARES file was not created in ARES NomCom when the contracts and CAs were created, this has been fixed.

- **PO:**

- Financial Validation – Now it is possible to select the 'Procedure Type' and 'Negotiated Procedure Legal Basis' from the dropdown menu.

- **Contribution Agreements:**

A new 'Legal Representative' can be added and saved accordingly now.

- **Fixing and improvements have been made for other technical issues of COLI2.**
